UNDER SECRETARY TO GOVERNMENT DEVELOPMENT DEPARTMENT 7 - OCT 1943

Enclosures:

No. 3189-D/43 dated 3rd October 1943.

Sir,

Sub: Buildings for cocoon markets -- Proposals for.
Ref: My letter No.1786-D/43, dated 2nd June 1943.-

In paragraph 1 of my letter cited above, I stated that proposals for locating the silkworm cocoon markets would be submitted as soon as sites had been selected and plans and estimates prepared.

2. The Sericultural Expert has selected three sites each measuring an acre, at Hanur, Kamakarai and at Chilukwadi as specified below:--

1. One acre of land at Hanur, S.No.215 - 56 cents
" 216-A2- 46 cents.
The site belongs to the Forest Department.

2. One acre of land at Kamakarai.

Government Poromboke S.No.22-C and D - 94 cents)
" " 23-A/2-b - 6 cents)

3. One acre of land at Chilukwadi-

S.No.250 - Private owned land - Assessment value: Rs.1-6-0 per acre.

3. The two major markets at Kamakarai and Chilukwadi (instead of at Kunthur as Chilukwadi is considered to be a central place) will each have a building with a storage capacity of 500 maunds of cocoons and the minor market at Hanur will have a building with a storage capacity of 250 maunds of cocoons. It is proposed to construct a small out house for each market to facilitate the stationing of a night watchman on the spot to provide for the

necessary watch and ward for the cocoons, as the cocoons purchased will often have to be retained at the respective markets for a night. It is necessary to fence the compound of each of the cocoon markets and provide a gate also. Details of probable cost for the acquisition of lands and construction of buildings are furnished in the enclosed statement. It is estimated that the proposals will involve an expenditure of Rs.22,000/-. Detailed plans and estimates will follow as soon as they are ready.

4. In the meanwhile, I suggest that sanction be accorded for the acquisition of one acre of privately owned land in S.No.250 of Chilukwadi village. I further suggest that (1) the Collector of Coimbatore be authorized to allot the Government Poramboke land at Kamakarai bearing survey Nos.22-C & D, and 23-A/2b, and (2) the Chief Conservator of Forests be addressed to hand over to the Sericultural Expert, Kollegal permanently the land in Survey No.215 and 216-A.2. at Hanur belonging to the Forest Department.

for Director of Industries & Commerce.

Details of Probable cost.

I. MAJOR COCOON MARKETS.

	Rs. A. P.	
1. Kamakarai.		
1. Estimated cost of the building worked out as below:-		
52' x 35' inner measurements - 1820 sq.ft. at Rs.4/- per sq. ft.	7280- 0- 0	
2. Lump sum provision for the out house for the watchman	700- 0- 0	
3. Lump sum provision for fencing the compound and providing it with gates..	250- 0- 0	
	----------	8230- 0- 0
2. Chilukavady.		
1. Estimated value of 1 acre of land required for the site at Rs.400/- per acre	400- 0- 0	
2. Estimated cost of the building worked out as below:--		
52' x 35' inner measurements 1820 sq. ft. at Rs.4/- per sq. foot	7280- 0- 0	
3. Lump sum provision for the out house for the watchman	700- 0- 0	
4. Lump sum provision for fencing the compound with gate	250- 0- 0	
	----------	8630- 0- 0

		16860- 0- 0

MINOR MARKET.

Hanur.

1. Estimated cost of the building worked out as below:--

44' x 24' inner measurements - 1056 sq at Rs.4/- per sq. foot	4224- 0- 0	
2. Lump sum provision for the out house for the watchman	700- 0- 0	
3. Lump sum provision for fencing and providing gate for the compound	250- 0- 0	
	----------	5,174- 0- 0

Sub: Industries - Sericulture - Buildings for Cocoon markets -
Proposals for

Ref From the D.I & C. 3189 D/43 D/3.10.43

The proposal contained in the letter cited involves an expenditure of about Rs 22,000/= for the construction of buildings. It is not likely that the Govt. of India will agree to bear any portion of the expenditure relating to the Cocoon Control Scheme

It has been suggested that this large expenditure on a temporary scheme like the Cocoon markets should be avoided, if ~~buildings suitable for the purpose can be had for rent in the respective places~~ possible to take some buildings on rent. The D.I & C is requested to offer his remarks on the above suggestion.

Government of Madras

PUBLIC (SERVICES) DEPARTMENT

G.O. No. 1475, 9th September 1939

Public Services—Madras Ministerial Service—Candidates from approved list—Allotment to Excise Department—Procedure.

Order—No. 1475, Public (Services), dated 9th September 1939.

The Board of Revenue has reported that the system of permanent allotment introduced by G.O. No. 1207, Public (Services), dated 14th July 1938, is not suitable for the Excise Department for the reason that the introduction and extension of prohibition have minimised the chances of reappointment to that department of candidates discharged from it for want of vacancies. His Excellency the Governor of Madras therefore directs that candidates allotted to the Excise Department from 1st January 1939 shall not be regarded as permanently allotted to it. Such candidates will on discharge for want of vacancies be restored to the approved list maintained by the Collector.

2. Necessary amendments to the Madras Ministerial Service Rules will be issued in due course.

(By order of His Excellency the Governor)

H. M. Hood,
Chief Secretary.

To the Board of Revenue (with reference to its letter No. CR. 1306-Abk./39-B, dated 6th July 1939).

DEVELOPMENT DEPARTMENT

Enclosures:

No. 3189-D/43 dated 29th November 1943.

Sir,

Sub: Industries - Sericulture - Buildings for cocoon markets - Proposals.-
Ref: Government Memorandum No.31488-D/43-1, dated 16-10-1943

With reference to the suggestions contained in the Government Memorandum cited, I have re-examined the question of construction of buildings for cocoon markets in consultation with the Sericultural Expert. I find that the types of buildings available in the villages concerned are not suitable for the purpose in view, not to speak of the considerable difficulty involved in securing them. Besides, the location of a cocoon market inside a village is objected to on the ground that as it would be a centre for the sale of cocoons of all grades (both good and diseased crops) it would endanger the rearing of silk worms of private parties in the village by infection The Sericultural Expert considers that it is advisable to locate cocoon markets some distance away from other buildings in the

villages in order to avoid all possible sources of infection.

Having developed the Sericultural Industry to its present state, I cannot imagine it being allowed to lapse to its former comatose condition. Mysore had markets before the new control orders were promulgated. Madras is also familiar with similar arrangements as regards cotton, groundnuts & c. There is no reason, therefore, why the cocoon market scheme should be regarded as a temporary one. In these circumstances, Government may be pleased to sanction the proposals for the construction of cocoon markets.

The plans and estimates in respect of the proposed buildings will be submitted to Government in due course.

for Director of Industries & Commerce.

Copy of letter No.SY/TX-62(106) dated 15-1-1944 from the Government of India, Directorate General of Supply, New Delhi, to the Secretary to Government, Development Department, Madras.

INDUSTRIES - Sericulture - Madras Silk Worm Control Scheme - Debit of expenditure to Central Government.

With reference to the correspondence ending with your telegram No.23379-D/43-6 dated 28-12-1943, I am directed to draw attention to the concluding portion of para 2 of this Department letter even number dated 4-8-1942, wherein it was stated that the Madras Government should discuss matters with the Mysore Government and put up jointly to the Government of India, detailed proposals for the introduction of a suitable Cocoon Control Scheme. The contention that the question regarding the need for a Cocoon Control Scheme was left open for future decision does not, therefore, seem to be correct.

2. In regard to the argument put forward by the Madras Government that the Government of India have agreed to meet the cost of the special organisation set up in Mysore for stimulating the production of Cocoons I may state that in the course of discussions with Mysore representatives in December 1942, it was urged that the cost of the scheme should be debited in the first instance to the profits which may accrue to the Mysore Government on selling in the civil market the

quantities of Charkha silk and Filature silk not taken over by the Central Government. No amount, has therefore been sanctioned to the Mysore Government for this purpose as yet.

3. In the circumstances it is suggested that a similar course may be adopted by the Government of Madras.

Tps/21-1.

Enclosures:

No. 3189-D/43 dated 19th May 1944.

Sir,

Sub: Industries - Sericulture - Establishment of cocoon markets - Construction of buildings - land - acquisition - sanction - requesting.

I invite a reference to paragraph 2 of my letter No.3189-D/43, dated 3rd October 1943 in which, amongst other things, I asked for sanction for the acquisition of one acre of land in S.No.250 (private land) for the construction of the Chilukvadi market, but in G.O. No.Ms.1046, Development, dated 9-3-1944 the Collector of Coimbatore and the Chief Conservator of Forests have been instructed to place at the disposal of this Department, the lands required for locating the markets at Kamakarai and Hanur only. The Sericultural Expert has again requested that one acre out of the 2-17 acres of dry land (S.F.No.250 - Assessment Rs.3/-) in Chilukvadi village belonging to one Sri Mallegowda, son of Burede Nanje Gowda of the same village may be acquired for the purpose. I

C 295308/44

-2-

request that sanction of Government may be given for the acquisition of one acre of the land mentioned above under the Land Acquisition Act and the Collector of Coimbatore be asked to have the land handed over to the Department at an early date pending completion of acquisition proceedings, as it is understood that the owner is likely to plant the lands in question with cholam shortly.

To The Dte.

Sub Sericulture - Cocoon Market at Chikkavadi - Acquisition of land.

Ref Your letter No 31 09 D/43 d 19.5.44

Please say whether the cost of acquisition of land for the market at Chikkavadi can be met from the expenditure of Rs 21801- sanctioned in G.O. No 1046 dtd d 9.3.44. Please also state whether there are any special reasons other than the cultivation of chalam by the owners of the lands, to justify the application of urgency provisions of the L.A. Act to take possession before

Completion of acquisition proceedings &c

[illegible]

[illegible] the expenditure on the Cost of Works at Chichawadi Dam sanctioned [illegible] 25 of (H).

As the aforesaid village was a part of S.No. 250 and as no particulars of the aforesaid Subdivision No. are given by the Dy.Se in his letter at pp 1-2 of (H). it was considered that the Collector should be directed by the Dy.Se to acquire the aforesaid land after the expenditure has sanctioned. It will be seen from the letter at pp 1-2 of that possession of the aforesaid land is required which shall be specifically demanded by the Govt. during the course of the Variation in the estimates at pp 3-4 of (H) & at p 11 of (H) and the specific request of the Dy.Se for demand of acquisition. — the Dy.Se may be asked whether the cost of acquisition shall be sanctioned now. Subject to this, a draft [illegible] is submitted for approval

ENCLOSURES .....

SPARE COPIES .....

In his letter Ref. B.No. 1341/44 d/17-6-44 the Revenue Divisional Officer, Kollegal, communicated to me a copy of the G.O. quo above and asked me whether the Board has any objection to hand over the site for the cocoon market at Kamagarai. But the Engineering departmen and the educational department stressed the need for retention of the s as school play-ground and they reported that it is impossible to find another suitable site to provide a play ground for the school in lieu of the ground used as such for over 2 years decades. The Revenue Divisiona Officer was therefore requested to advise the sericultural department to select some other site - copy of my letter L.Dis.No.13719/44 d/8-9-44 is enclosed for reference.

The Revenue Divisional Officer replied that the reasons advanc by me in delaying declining to hand over the site are not sound and again pressed for the handing over the site S.No. 22-D to sericultural department stating " There is no other suitable site in the village for delivering to the sericultural department except by acquisition whc will involve cost and time."

On this, the opinion of the District Educational Officer was called for. He expressed the view that " the school is in need of the site in question and as such cannot be spared." . This view was communi cated to the Revenue Divisional Officer, Kollegal, with this office Endt. Roc.No.20859/E6/44 dated 13-10-44 - vide copy enclosed.

Though the imperative need for retaining the land for educati purpose reinforced by the opinion of the District Educational Officer represented, the Collector has now requested me to hand over the si immediately to the sericultural department - vide copy of his ref.No of 45 dated 18-3-45 enclosed.

I have to naturally presume that the Government while orders about handing over the site 22-D do not seem to be aware essential use to which the site is put as a play ground for the s It is in the District Board possession from 1915 as such and is registered as L.F.School site. Its removal deprives the school of

playground of the school. Both the engineering and the Engineer and the District Educational Officer strongly recommends its retention.

It will not be as much difficult to find a site for the cocoon market as for a site for the school play ground. Government can easily procure a site. If the Board has to bi give up an essentially useful ground in use for several years it will well nigh be possible to make any provision for the physical activities of the school. I am sure the Government would not be so unkind as to demand the handing over of the site while they addicted to the policy of providing more facilities for physical and games activities of the school children.

I, therefore request that Government will be pleased to direct the Revenue Department to select some other site in liew of S.No. 22-D which may continue to serve the use it is serving now.

Palaniswami

President, District Board.

COPY of this office letter L.Dis.No.13719/E6/44 dated 8-9-44 to the Revenue Divisional Officer, Kollegal.

Sub: Industries - Sericulture - marked site at Kamagarai - S.F.No. 22-D - Handing over to sericulture department.
Ref: Your letter Ref.No.1341/44-B d/17-6-44 and reminders thereon.

The site S. F.No.22-D of Kongaralli village is vested in the District Board for primary school purposes. There has been no change in the revenue accounts since 1915 As such it is not now ascertainable even from local enquiry whether the plot was either acquired or is a poramboke relinquished to the school.

2. The site in question is being used as play ground for the Kamgarai Board Higher Elementary school. The school has a strength of more than 200 pupils and there is no other playground for the school. If the site is to be handed over to the sericulture department the school will be deprived of the only provision for play ground and may lead to withdrawal of recognition. Further it may not be possible at present to secure a suitable alternative site

3. In the above circumstances the sericulture department may be addressed to select some other site.

COPY of letter L.Dis.No.531-C/44 d/10-10-44 of the District Educational Officer to the President, District Board, Coimbatore.

Sub: Industries - Serziculture elementary school - Site at Kamagarai - S.F.No.22-D Handing over to Sericulture department.

In enclosing herewith a copy of the remarks of the Deputy Inspector of schools, Kollegal Range with which I agree, the school is in need of the site in question and as such cannot be spared.

opy of letter R.C.No.12-16K/44 d/30-9-44 of the Deputy Inspector of schools, Kollegal Range to this office.

ef:-Letter Roc.No. 20859-E6/44 d/27-9-44 of the President, District Board, Coimbatore addressed to you and copy sent to this office.
Sub: Industries - Sericulture d - Ele. school - site at Kamakarai - S.F.No. 22-D handing over to Sericulture Department.

Kamakarai is a big centre having a population of 4508. The school age children of the village is 274 boys and 208 girls. At present the Board Higher tary school, Kamagarai is held in a rented building the monthly rent of which is Rs 20/- nted building contains 250 school places. The rented building is located in a ted and unhealthy locality.

The site in question is just at the entrance of the village facing the road. There were two buildings on this very site and the school was located ese buildings. Both the buildings became dilapidated on account of not effecting y repairs by about 15 years back. Since then the school is located as in a rented

if the site is handed over to the Sericultural Department then there will be no suitable building site as well as play ground available for the school.

Under the circumstances, I am of opinion that the school site in question need not be transferred to Sericultural Department.

/True copy/

District Board Office, Coimbatore.

Endt. Roc.No. 20859/E6/44 Dated 13-10-44.

Forwarded to the Revenue Divisional Officer, Kollegal with reference to his No.1341/44-B d/13-9-44. In the circumstances stated by the Deputy Inspector of schools Kollegal Range the sericulture department may be xdix advised to select some other site for the purpose.

/True copy/

COPY of letter Ref.No.1694/1945-A5 d/18-3-45 from the Collector of Coimbatore to the President, District Board, Coimbatore.

Industries - Sericulture - Kollegal Taluk - Kongarahalli village - Establishment of a cacoon market - S.No.22-D - handing over - Requested.

Ref: No. 1341/44-B d/1-6-44 and 13-9-44 of the Revenue Divisional Officer, Kollegal and your L.Dis.No.13719/44-E6 d/8-9-44. Endt. Roc.No.20859/44-E6 d/13-10-44.

I invite your attention to G.O.Ms.No.1046 d/9-3-44 communicated to you with the reference quoted above of the Revenue Divisional Officer, Kollegal. S.No.22-D of Kongarahalli village mentioned in that G.O. was acquired in 11906 for the Taluk Board primary school at Kollegal. Another land S.No.23/2 M village site poramboke was given to

-to the owner of S.No.22-D as comepsation. The records do not show either that any amount was paid by the Taluk Board towards land value or that the land was formally alienated to the Taluk Board under B.S.O. 24. The land therefore remains government property according to the provisions of B.S.O. 90 3i as amended by C.S. 173.
As there is no school on the site now, and as it is urgently wanted for establishment of the cocoon market, I request you to hand over the site immediately to the Sericulture department, Kollegal.

Before the plot of land bearing S.No.22 D. of Kamakarai belonging to the District Board, Coimbatore was proposed for acquisition by the Department, the Sericultural Expert consulted the Revenue Divisional Officer, Kollegal in the matter. It was understood that the land has not been in use for years and that it had been ~~xxx~~ lying waste for a very long time. The school building which had existed once upon a time on this site had collapsed and had been abandoned, the school itself having been shifted away fro the place. It was thought in the circumstances that the District Board would have no objection to part with the site. As a matter of fact, the Revenue Divisional Officer recommended to the Collector of Coimbatore the transfer of the plot to this Department and stated that in case, the District Board requires land later on for building purposes, other waste lands available nearby could be given to the Board for the purpose. A sketch of the

locality is enclosed as also a copy of the Revenue Divisional Officer's letter to the Collector, which fully explains matters.

The plots bearing S.Nos.22 C. and 23 A/2b . (on the two sides of the District Board site which bears S.No.22 D) were handed over to the Department last year. These are sufficient for the requirements of the cocoon market, though the market could have done with a little more space and that all in one bloc. Since Government are against disturbing the occupation of S.No.22 D. by the Coimbatore District Board, the market building will be located in S.No.22 C. and the cart stand in S.No.23-A/2b.

Lands acquired

Land belonging to District Board

Copy of letter No.1341/44 dated 6-2-45 from the Revenue Divisional Officer, Kollegal to the Collector of Coimbatore.

Industries - Sericulture - Establishment of cocoon market at Kamakarai - S.No.22. D- resumption orders - requested.

Ref: G.O.Ms.No.1046/44 dated 9-3-44 communicated with your L.2767/44 dated 1-5-44.

I invite a reference to G.O.Ms.No.1046, dated 9-3-44 wherein the Government have ordered the transfer of S.No.22 C, 22d and 23 A2B of the Kamakarai village to the Industries Department for the establishment of a cocoon market. S.No. 23A2B measuring 22 cents (whereon once there was a chavadi) which is classed as natham in the village accounts was handed over to the Sericultural Grainage Assistant on 7-7-1944 and S.No.22 C. which is classed as Forest Department measuring 50 cents was handed over on 12-8-4 to the Assistant Sericultural Expert. Between these two plots there is S.No.22 D. measuring 44 cents classed as L.F. School under the control of the District Board, Coimbatore.

The President, District Board who was requested to hand over possession of S.No.22 d. objected to the proposal on the ground that the site was intended for constructing a school building. There was a school building on the site but it fell into ruins and was finally pulled down prior to 1936. The District Board has not been able to put up another building at the site for the school. The school has since then been housed in a rented building in the village. When this aspect was pointed out to the President, District Board he stated that the site was being used by the school children as playground and that its transfer to the Sericultural Department will depri the school of a play ground. I enclose a sketch showing the site and the

relevant surroundings. It will be seen thereupon that there is plenty of waste land to the south of the site in question in S.Nos. 23-A-1, 23A2B and 23 A2a, which are all lands at the disposal of the Government. These sites could be utilised by the school children as playground. Even should the District Board make up its mind to construct a building of its own for the school, it could have one of the above sites for that purpose. At any rate the refusal of the District Board to part with the above land S.No.22 D. does not appear to be reasonable.

2. S.No.22 D. was acquired under the Land Acquisition Act in Revenue Divisional Officer's R.Dis.74 Rev. dated 1-3-1906 vide Collector's R.Dis.244 Rev. dated 3-7-1906. No compensation was paid by the District Board for the land. Another land was given in exchange for this land to the owner. However as the District Board is not making use of the site at present for the purpose for which it is acquired viz. for the school building and as the Government have ordered in G.O.No.1046 Mis. dated 9-3-44, for its transfer to the Sericultural Department for the formation of a cocoon market, it seems to me that the site could be withdrawn from the control of the District Board and handed over to the

Industries & Commerce Department.

Sir,

Sub: Industries - Sericulture - Buildings for Cocoon markets and sub-grainage at Hanur Construction - Exchange of sites.

In G.O. No.1046, Ms., Development, dated 9-3-44 and Government Memorandum No.30290-D/44-2, Development dated 8.6.44, sanction was accorded to the acquisition of the following plots of land for the construction of buildings for a cocoon market and a sub grainage respectively in Hanur village:--

S.No. 215 and 216 A/2	2.02 acres.
S.No. 208 and 209 B	1.0

The plot of land selected for the location of the Cocoon market is considered by the Sericultural Expert to be best suited for the construction of a grainage building. He points out that the examination of moths in the grainage would be considerably facilitated if the grainage building is constructed facing south next to the Forest Rest House as diffused light is necessary for grainage operations. The plot acquired for the grainage building

being on the outkirts of the Village is considered more suitable for the location of a market. I have approved the Sericultural Expert's suggestion and have accordingly permitted the interchange of the two plots.

Remarks-Note NOTES

To Addl US.

Please see the letter from the DIGE at pp 1-4 Cf.

The G.O. containing the letter of the DIGE cited at p/1 Cf. is not available as it (P) w.b.f.I has been put up in a file (re: additional staff below for the office of the Sericultural Experts) which is now disposed with. Dri

The question whether the Govt of India will bear the expenditure on the Madras Silk Worm Cocoon Control Scheme is separately under consideration. Reply from India is awaited.

In the present letter, the DIGE suggests that an expenditure of Rs 22000/- may be incurred on the construction of buildings required for the Cocoon markets in three places. It is submitted that the Cocoon Control Scheme is of a transitory nature and that barring the essential expenditure on staff for the Scheme outlay on buildings in the interior of the Kollégal area may eventually turn out to be unnecessary and unproductive. Perhaps suitable buildings could be taken on rent and necessary structural alterations effected, without incurring such huge expenditure. It is also unlikely that the Govt of India will meet the cost of buildings for a temporary Scheme like the Cocoon Control Scheme. In the circumstances it is for orders whether the reply from India will be awaited before deciding on the construction of buildings for the markets and taking steps to acquire the land required for the buildings.

The real question is whether alternative accomodation can be found. If it cannot be found, markets must be held, whether India agrees does not

The DIGE may be told that the expenditure is large and that if possible some other place may be selected to incur the expenditure. He may also be told that alternative accomodation can be found. P. 19/11/43.

To Addl A.S [Note on p 1 above may be read]

Please see the memo issued to the DIBe p 6 cf. and his reply thereto at pp 8-9 cf. In circumstances stated by the DIBe, it does appear that the construction of new buildings in Cocoon markets can be dispensed with. ✓ proposal of the DIBe may therefore be approved and he may be requested to expedite the submission of the plans × and estimates for orders.

K yr 7/11/43 Rem 2 cf

As regards the debit of expenditure, p 1 cf in lieu of I below the Govt of India have replied that the suggestion of the Govt of Madras regarding the expenditure on Cocoon Control Schemes being met for the Central Govt to bear, is under their consideration. Presumably, by the time the plans and estimates are received, the decision of India on this matter will have also been received.

pp 1-2 cf

This file deals with the proposal of the DIHC for the construction of buildings to locate the Cocoon markets set up at Kamakavai, Chikkanvady and Hanur in the Kollegal taluk, Coimbatore Dt. These markets have been established with a view to facilitating the working of the Cocoon Control Scheme introduced by this Govt. The DIHC has, in his letter at Pp 7-8 cf, emphasised that the construction of buildings for the markets is essential. As the Scheme for the Control of price of Cocoons was incidental to the working of the Silk expansion programme of H.M. Govt for war purposes, the Govt of India

ADDITIONAL UNDER SECRETARY TO GOVERNMENT
29 JAN 1944
DEVELOPMENT DEPARTMENT

Vide notes at Pp 7-10

were requested to bear the expenditure on this Scheme also as in the case of the Govt. Silk Filatures as well as the suggestion was not accepted by Govt but they considered after the consideration of the Govt that some expenditure should be met by them from the profits accruing to their out turn of the sale of cocoons reeled Silk. It is proposed to adopt this and to ask the Govt of India again that very expenditure on the scheme, in view of the profits from the sale of cocoons reeled Silk, should be included in the cost of production of Silk produced at the Govt Silk Filatures. As the construction of buildings for the market cannot be postponed, the expenditure of Rs 21800/- on that account, has also to be incurred in the first instance by the Govt Subject to any Govt recovery indicated at X above the Dept have agreed to this Course being adopted subject, orders, to draft orders is submitted for approval the case may be sent to for approval of the proposals

(3) Where S. the Scheme can be financed the profits realised on the sale of cocoons reeled Silk the proposals

~~With reference to above overleaf, a revised draft Notn~~
~~is submitted for approval.~~

The case may be sent to Dist. Deptt
1/3/44 for perusal of the orders in circulation. With reference to A overleaf, that dept may be requested to specify the head of account under which the expenditure involved in the proposals in this case should be debited. The question whether the scheme for the sale of charkha need also should be treated as a State Trading Concern or not is under examination by the Fin. Deptt.

FINANCE DEPARTMENT

(Finance last note on page 6 above)
The further notes and orders in circulation may be perused.

Deptt have put up a draft order sanctioning the expenditure. If any expenditure is to be incurred in the Ist year, the authentication of the E.E. for a supplementary Statement of expenditure will also have to be obtained. The latest extended date for receipt of notes on Supplementary estimates is 4.3.44 ~~but it may not be possible to the Deptt expeditiously~~ Perhaps it would be sufficient if the work is taken up early in 1944-5, in which Deptt will have to obtain the necessary Supplement

To Addl. [illegible]

Please see the letter from the President, St. Board, Coimbatore at ff 1-2 cf.

Attention is invited to Para 1 of the R.D.O. has consulted the Agriculture dept. before sending that reply. The E & P.H. Dept. may however be requested to consult the D. of A. on the point.

A Copy of G.O. no. 1046 (MS) Rev dt 9.3.44 is put up at (F). With these remarks, the Case may be returned to E & P.H.

Memorial Park property. It would also appear that the site was acquired by the Public Authority for a primary school. As this is also a school on the site as possible and as it is a Park property, this Council considers that the District Board cannot continue to retain it when there is another urgent use to which it can be put.

The R.D.O. has also reported that this is the only suitable site in the village for housing the Secondary Section of the Dept of Education and cannot except by acquisition [illegible] will involve cost and time.

In the circumstances, it is for consideration whether the Council should agree to sell the Memorial Park to the Education Authority at the price of £1,000 as suggested by the R.D.O. or to retain it.

Consideration should also be given to the question of providing a playing field for the school children.

I. There appears to be no other suitable site available for the purpose.

There appears to have been misunderstanding on this matter. If a crown market is urgently required (a purpose connected with silk factories on war work) this Dept. may advise that the request of the Dist. Rd Pres. regrettable cannot be complied with Rev. pressure was too

~~S.P.'s query at pp 3-4 above submitted that orders have issued agreeing to the acquisition of land for the Chilakaravadi market in mem~~ no. 29530/D/44-2d 12.6.44. With reference to the other queries above, a draft mem to the D.I.G/C.I. submitted below for approval.

To Addl 4/5

17-18

Steps / remarks at pp 3-4 ante

Kamakazi is now with a rented building. As to the site in question is for constructing a building for the Market. The matter can Said to be so very urgent as not to admit of the market continuing in a rented building for some more time till another site is acquired for constructing a building. Orders were issued in March and much progress does not appear to have been made yet by the D.C.

It will be seen from M on p 37 ante that, though no other Govt site is available for delivery to the Dept of Industries & Commerce, it may be possible to acquire a site for the purpose, which will involve cost and delay for the reasons stated at M on p 3 ante; the only possible alternative seems to be to ask the DCSC to select another site for acquisition by the Govt for Govt.

19.4.45

It seems that no information was received by us — nor possibly by the D.I.C. — that this plot of ground was being used as a school playground. The position may now perhaps be fully explained to the D.I.C and he may be asked to report whether it would not be possible to continue to utilise the existing rented.

Sub:- Industries - Sericulture - Cocoon market at Kamakam -
Transfer of poramboke land.

46846D/45 43 44cf Ref:- From the D.D.&C. no. 22388-D/45-2 dtd 4.5.45

To R.S.

Please see the memo issued to the D.D.&C. at pp 41-42 cf (A) and his reply thereto at pp 1-2 cf.

~~Though the D.D.&C. is for according to the request of~~ the St. Board, it would perhaps appear on a perusal of the letter at pp 1-2 cf and the letter of the R.D.O. at pp 5-6 cf that, apart from the desirability to have the whole bloc for the Cocoon market, it may be inconvenient for the school children to play on a site between two sites used for the Cocoon market. It is for orders whether the Resident, St. Board may be informed of this and asked to state whether he still insists on having the site bearing S no. 22-D. Subject to orders, a draft memo to the President St. Board, ~~Coimbatore~~ is submitted below for approval

18/45

The D.D.L's report is intended to show how the Dt. Board's initiative was unreasonable in insisting on retaining the plot in question. In view of the statement of the D.D.L at N on p 2 of 44 and of M on p 21 of 44, ~~the points of necessity~~ it does not appear necessary to deepen the Question or accuming the Site of the Dt. Board for the Cocoon market.

The papers may perhaps be lodged after perusal by Mr. Sorabji
